### EMERGENCY CALLS

To Report a Fire Call.....	"Fire Department"
To Call Police, Call.....	252

### HOW TO MAKE A TELEPHONE CALL

OBTAIN THE CORRECT NUMBER FROM THE TELEPHONE DIRECTORY. Remove the receiver from the hook and place it to your ear. When the operator answers, "Number Please" give the number found in the directory distinctly, one figure at a time, as for example: "THREE - OH - ONE - THREE - W" for 3013-W. When the figure O appears in a number, it should be pronounced as "OH." With the receiver to your ear, listen for the ringing signal, the busy signal, or a report from the operator.

TO RECALL THE OPERATOR at any time during a connection, move the hook up and down slowly five or six times, and repeat until the operator answers. A rapid movement of the hook gives the operator no signal whatever.

Do not hang up the receiver until you are through with the connection, as this gives the operator a signal to disconnect you.

### LONG DISTANCE SERVICE

The Southwestern Bell Telephone Company, through its relations with other telephone companies, is enabled to establish communication promptly at reasonable cost to almost any telephone in the United States, as well as to telephones in many cities in Canada and Cuba.

Long Distance rates and charges are based upon: (1) Mileage distance between telephones connected; and (2) The length of time the connection is held by the patron.

The different classifications of long distance service are as follows:

#### STATION-TO-STATION

A "Station-to-Station" call is one placed for anyone who answers a specific telephone at another place. This is the simplest sort of long distance call and consequently can be completed

with the greatest speed and at the lowest cost.

This class of service can be used in all cases where it is satisfactory to establish connection when anyone answers at the called telephone. Calls for "one of the firm" or "anyone who can talk business" or for a certain department or for a specified station of a private branch exchange system are "person-to-person" calls.

Charges on Station-to-Station calls cannot be reversed; i.e., charged to the called telephone.

**STATION-TO-STATION "DAY" RATES** apply on calls when the conversation begins between 4:30 A. M. and 8:30 P. M.

**STATION-TO-STATION "EVENING" RATES** apply on calls when conversation begins between 8:30 P. M. and midnight, and are about one-half of the day rate where the day rate is 50c or over and 25c where the day rate is between 25c and 50c. Calls between points where the day rate is 25c or less receive no reduced rate.

**STATION-TO-STATION "NIGHT" RATES** apply on calls when conversation begins between midnight and 4:30 A. M., and are about one-fourth of the day rate where the day rate is \$1.00 or more and 25c where the day rate is between 25c and \$1.00. Calls between points where the day rate is 25c or less receive no reduced rate.

When a call is completed between points where different times of day apply, the time of day at the calling point governs.

Report charges (explained later) do not apply on station-to-station calls.

**TO PLACE A STATION-TO-STATION CALL** where the number of the telephone desired is known, give the long distance operator information as follows: "This is a station-to-station call—4-3552, John Smith, calling Chicago, Illinois. I wish to speak to anyone at Lincoln 1000." If the number of the desired telephone is not known, give the long distance operator information as follows: "This is a station-to-station call—4-3552, John Smith, calling Chicago, Illinois. I wish to speak to anyone in John Brown's office in the Wrigley Building."

#### PERSON-TO-PERSON CALLS

A "Person-to-Person" call is one on which a particular person, or someone of a group of persons, or a certain station of a private branch exchange system, is specified to be reached at the called telephone. The rates on "person-to-person" calls are approximately 25% higher than the rates on station-to-station calls, and reduced EVENING and NIGHT rates do not apply.

The charges on person-to-person calls may be reversed and billed to the called telephone, if the operator is so instructed when the call is placed, and if the called person accepts the charge.

**TO PLACE A PERSON-TO-PERSON CALL,** give the long distance operator information as follows: "This is 4-3552, John Smith, calling Chicago, Illinois. I wish to speak to John Brown at the Chicago Hotel."

#### APPOINTMENT CALLS

An "Appointment" call is a type of person-to-person call on which conversation is to be established at a specified time.

The rates for appointment calls are approximately 20% higher than for ordinary person-to-person calls. Reduced EVENING and NIGHT rates do not apply.

### MESSENGER CALLS

A "Messenger" call is a type of person-to-person call on which the called person cannot be reached by telephone and it is necessary for the telephone company to arrange for a messenger to notify the called person to come to a telephone.

Rates for messenger service must be added. Reduced EVENING and NIGHT rates do not apply.

No "Messenger" call will be accepted unless the person calling guarantees payment for the messenger service. If a messenger charge is incurred, the charge will be made even if the desired conversation is not held.

### REPORT CHARGE

(Applies to Inter-State Calls Only)

It is sometimes impossible to establish conversation on person-to-person, appointment and messenger calls, due to reasons beyond the control of the telephone company and although the preliminary work of handling the call is properly performed. In such cases a small charge is made for the work already done. Conditions under which a report charge is made include:

- (1) Refusal of the called person to talk or allow the charges to be reversed;
- (2) Inability to reach the called or calling person after the called point has been reached, or an appointment arranged for; and
- (3) Inability on the part of the telephone company to locate the called person when insufficient information has been supplied by the person placing the call.

If, at the request of the calling party, attempts are made to reach the called party at more than one city or town, the attempt made at each city called will be considered a separate call, and the report charge applied accordingly. The charge is not made unless a definite report is made within one hour after the call is placed, provided that no delay is announced at the time the call is accepted. No charge is made when the reason for not completing the call is because "lines are busy," "out of order" or because the "called telephone does not answer."

Report charges do not apply to station-to-station calls.

### REQUESTS FOR CHARGES

If a patron desires notification of the amount of the charge on a message, the long distance operator should be so advised at the time the call is placed. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

### RATES

The following table shows an example of the difference in rates for the various classes of long distance service. Unless otherwise indicated, these rates are for a three minute conversation. Additional minutes are charged for proportionately.

### MISCELLANEOUS INFORMATION

**EMERGENCY CALLS.** Report to the Fire Department and Police when the patrons do not call by number, are not a part of the service for which the telephone company contracts, but are purely an accommodation and may be discontinued at any time. The telephone company assumes no liability for mistakes of its employees in rendering this accommodation service, and the patron by requesting such service makes the operator his agent for such purpose.

**ERRORS IN DIRECTORY.** Great care is exercised in the preparation of this directory, but the Southwestern Bell Telephone Company assumes no liability whatever for damages arising from errors and omissions in the printing of this directory.

**CHANGE OF TELEPHONE NUMBERS.** The telephone company reserves the right to change telephone numbers from time to time as the necessities of the business may require, and, therefore, subscribers are urged not use their telephone numbers in advertising matter. The phrase "Bell Telephone Connection" is suggested instead.

**MOVING TELEPHONES.** As a large amount of telephone equipment has to be moved yearly, it is necessary that subscribers give at least ten days' notice in writing when they are moving to new quarters. Ample notice will enable us to move telephone equipment so that telephone service will be practically uninterrupted. Owing to the large number of move orders on or about May 1st and October 1st, thirty days' notice should be given of moves desired at those times, if possible.

**ANY CHANGE IN THE LOCATION OF TELEPHONE INSTRUMENTS** and equipment must be made by the employees of the telephone company.

**WHEN ANSWERING CALLS** time will be saved if you immediately give your number or name, as "6342," "4-9013W" or "Jones' Department Store." This informs the person calling that the desired connection is established. Please answer the telephone promptly—Courtesy to the calling party requires it.

**UNSATISFACTORY SERVICE.** Uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. If service is unsatisfactory, prompt report should be made of it by calling "Chief Operator." Do not report unsatisfactory service to the operators, as conversation by operators, beyond that necessary to complete connections, impairs the service. Report of unsatisfactory service should be telephoned, not written, as more satisfactory investigation is possible when an immediate report is made to the Chief Operator.

This directory is the property of the Southwestern Bell Telephone Company. It is loaned free of cost to the subscriber and must be returned upon the delivery of a copy of the new edition.

# How Many Telephone Orders Do You Get Each Day?

If you are not getting your share, you should be a directory advertiser. The rates are reasonable, and you talk to a selected list of prospects every hour of every day for months.

*Call the local manager for details*

## *You, Too, May Secure Business by Telephone*

Hundreds of business firms are making telephone selling the backbone of their selling plans. The personality and directness of the long distance call have commended it to buyers and sellers alike. The telephone on your desk is ever ready to serve you.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

# This Sign Means

Wherever you see the sign of the Blue Bell, it means nearby is a Long Distance telephone station where you may make a flying trip home.

# You're Near Home

# Study the Advertising in This Directory

Glance over the advertisements and note character of the business men who are appealing to you for your business through this medium. Note the wide variety of services and products that are advertised.

If your memory is good, you will probably recall that you saw most of these advertisements in preceding issues of the directory.

And then put this question to yourself:

If so many keen business men keep using this directory to ask telephone users for their trade, they **MUST** be getting results from this advertising. And if **THEY** are getting results from telephone directory advertising, why can't I?

**YOU CAN.** And the rates are exceedingly reasonable—so reasonable, in fact, that telephone directory advertising for the quantity and quality of publicity service rendered and the result secured, is the most economical high quality advertising you can purchase.

**YOUR ADVERTISING**

Is the door to your business. Supply your customers the key through directory advertising.  
They will call again and again and each call means orders for you.

## *You, Too, May Secure Business by Telephone*

Hundreds of business firms are making telephone selling the backbone of their selling plans. The personality and directness of the long distance call have commended it to buyers and sellers alike. The telephone on your desk is ever ready to serve you.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

## **A Great Advertising Medium**

Your advertising in the telephone directory talks for months to thousands of people who buy by telephone.

*Call the local manager  
for rates and details*
