HOW TO MAKE A TELEPHONE CALL

OBTAIN THE CORRECT NUMBER FROM
THE TELEPHONE DIRECTORY. REMOVE THE
RECEIVER FROM THE HOOK AND PLACE IT TO YOUR
EARD. WHEN THE OPERATOR ANSWERS, "NUMBER
PLEASE" GIVE THE NUMBER FOUND IN THE DIRECTORY
DIRECTLY. IF NOT, TRY AT A LATER TIME. AS EXAMPLE
"THREE - OH - ONE - THREE - W"
FOR 3013 - W. WHEN THE FIGURE 0 APPEARS IN A
NUMBER, IT SHOULD BE PRONOUNCED AS "OH." WITH
THE RECEIVER TO YOUR EARD, LISTEN FOR THE RINGING
SIGNAL, THE BUSY SIGNAL, OR A REPORT FROM THE
OPERATOR.

TO RECALL THE OPERATOR AT ANY TIME
DURING A CONVERSATION, MOVE THE HOOK UP AND DOWN
SLOWLY FIVE OR SIX TIMES, AND REPEAT UNTIL THE
OPERATOR ANSWERS. A RAPID MOVEMENT OF THE
HOOK GIVES THE OPERATOR NO SIGNAL WHATSOEVER.
DO NOT HANG UP THE RECEPTOR UNTIL YOU ARE
THROUGH WITH THE CONNECTION, AS THIS GIVES THE
OPERATOR A SIGNAL TO DISCONNECT.

LONG DISTANCE SERVICE

The Southwestern Bell Telephone Company, through its relations with other telephone companies, is enabled to establish communication promptly at reasonable cost to almost any telephone in the United States, as well as to telephones in many cities in Canada and Cuba.

Long Distance rates and charges are based upon: (1) Mileage between telephone connections; (2) The length of time the connection is held by the patron.

The different classifications of long distance service are as follows:

STATION-TO-STATION

A "Station-to-Station" call is one placed for anyone who answers a specific telephone at another place. This is the simplest sort of long distance call and consequently can be completed with the greatest speed and at the lowest cost.

This class of service can be used in all cases where it is satisfactory to connect directly to stations and when anyone answers the telephone.

Calls for "one of the firm" or anyone who can be reached at any telephone, or for a certain department or on a specified line of a private branch exchange system are "person-to-person" calls.

Charges on Station-to-Station calls cannot be reversed, i.e., charged to the called telephone.

STATION-TO-STATION "DAY" RATES apply on calls when the conversation begins between 4:30 A. M. and 8:30 P. M.

STATION-TO-STATION "EVENING" RATES apply on calls when the conversation begins between 8:30 P. M. and midnight, and are about one-fourth of the day rate for any number of calls at any time, or 50c per call for calls of 5c or less and 25c for calls of 25c or less.

STATION-TO-STATION "NIGHT" RATES apply on calls when the conversation begins between midnight and 4:30 A. M., and are about one-fourth of the day rate for any number of calls at any time, or more than 25c for calls of 25c or less and 1.00c for calls of 50c or less.

When a call is completed between points different times of day apply, the time of day at the point of reception governs.

Report charges (explained later) do not apply on calls to stations.

TO PLACE A STATION-TO-STATION CALL where the number of the telephone desired is unknown, give the long distance operator information as follows: "This is a station-to-station call to Chicago, Illinois..." If the number of the desired telephone is not known, give the long distance operator information as follows: "This is a station-to-station call to Chicago, Illinois..."

PERSON-TO-PERSON CALLS

A "Person-to-Person" call is one on which a particular person, or someone of a specific group of persons, or a certain station of a private branch exchange system, is specified to be reached at the called telephone.

The rates on "person-to-person" calls are approximately 25% higher than the rates on "station-to-station" calls, and standard EVENING and NIGHT rates do not apply.

The charges on person-to-person calls may be reversed and billed to the called telephone, if the operator is so instructed when the call is placed, and if the called person accepts the charge.

TO PLACE A PERSON-TO-PERSON CALL, give the long distance operator information as follows: "This is a person-to-person call to Chicago, Illinois..."

APPOINTMENT CALLS

An "Appointment" call is a type of person-to-person call on which conversation is to be established at a specified time.

The rates on appointment calls are approximately 20% higher than for ordinary person-to-person calls. Reduced EVENING and NIGHT rates do not apply.
MESSENER CALLS

A "Messenger" call is a type of person-to-person call on which the called person cannot be reached by telephone and it is necessary for the telephone company to arrange for a messenger to notify the called person to come to a telephone.

Rates for messenger service must be added. Reduced EVENING and NIGHT rates do not apply.

No "Messenger" call will be accepted unless the person calling guarantees payment for the messenger service. If a messenger charge is incurred, the charge will be made even if the desired conversation is not held.

REPORT CHARGE
(Appplies to Inter-State Calls Only)

It is sometimes impossible to establish conversation on person-to-person, appointment, and messenger calls, due to reasons beyond the control of the telephone company. Although the preliminary work of handling the call is properly performed, in such cases a small charge is made for the work already done. Conditions under which a report charge is made include:

(1) Refusal of the called person to talk or allow the charges to be reversed;
(2) Inability to reach the called or calling person after the called point has been reached, or an appointment arranged for; and
(3) Incapacity on the part of the telephone company to locate the called person when insufficient information has been supplied by the person placing the call.

If, at the request of the calling party, attempts are made to reach the called party at more than one city or town, the attempt made at each city called will be considered a separate call, and the report charge applied for each. The charge is made for the work already done, and is not made unless a definite report is made within one hour after the call is placed, provided that no delay is announced at the time the call is accepted. No charge is made when the reason for not completing the call is because "lines are busy," "out of order," or because the "called telephone does not answer."

Report charges do not apply to station-to-station calls.

REQUESTS FOR CHARGES

If a patron desires notification of the amount of the charge on a message, the long distance operator should be so advised at the time the call is placed. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

RATES

The following table shows an example of the difference in rates for the various classes of long-distance service. Unless otherwise indicated, the rate is for three minutes conversation. Additional minutes are charged proportionately.

MESSAGER CALLS

A "Messenger" call is a type of Person-to-Person call on which the called person cannot be reached by the telephone company to answer the call. In such cases, the caller may be advised that it is best to call another person or to leave a message.

No "Messenger" call will be accepted unless the person calling guarantees payment for the service. If a "Messenger" charge is incurred, the charge will be made even if the inside conversation is not held.

REPORT CHARGE
(Applies to Inter-State Calls Only)

It is sometimes impossible to establish conversation on Person-to-Person, Appointment and Messenger calls, due to reasons beyond the control of the telephone company. In such cases a small charge is made for the work already done. Conditions under which a report charge is made include:

1. Refusal of the called person to talk or allow the charges to be reversed.
2. Inability to reach the called or calling person after the called point has been reached, or an appointment arranged for; and
3. Inability on the part of the telephone company to locate the called person when insufficient information has been supplied by the person placing the call.

If, at the request of the calling party, attempts are made to reach the called party at more than one city or town, the attempt made at each called will be considered a separate call, and the report charge, supplied accordingly. The charge is not made unless a definite report is made within one hour after the call is placed, provided that no delay is announced at the time the call is accepted. No charge is made when the reason for not completing the call is because "in person busy," "out of order" or because the "called telephone is busy".

Request charges do not apply to Station-to-Station calls.

REQUESTS FOR CHARGES

If a patron desires notification of the amount of the charge on a message, the long distance operator should be so advised at the time the call is placed. If the request for such information is not made until after the completion of the conversation, an unavoidable delay results while the operator obtains the rate and computes the charge.

MISCELLANEOUS INFORMATION

EMERGENCY CALLS. Report to the Police Department and Police when the patrons do not call by name, are not a part of the service for the call, or the telephone is by party or by party. The telephone company assumes no liability for damage rendered to parties by this service. If the service is called by an agent agent for such purpose.

ERRORS IN DIRECTORY. Great care is exercised in the preparation of this directory, but the Western Bell Telephone Company assumes no liability whatever for damages arising from errors and omissions in the printing of this directory.

CHANGE IN TELEPHONE NUMBERS

The telephone company reserves the right to change telephone numbers for reasons other than the necessity of the business may require, and subscribers are urged not to use their telephone numbers in advertising matter. The phrase "Bell Telephone Connection" is suggested instead.

MOVING TELEPHONES. As a large amount of telephone equipment has to be moved yearly, it is necessary that subscribers give at least ten days' notice in writing to the Bell Company, not to move or change their number during this time. Anything notice will enable the Bell Company to move the telephone service will be practically impossible. Owing to the large amount of move orders, the month of May, June, and October, thirty days' notice should be given of moves desired at those times, if possible.

ANY CHANGE IN THE LOCATION OF TELEPHONE INSTRUMENTS AND EQUIPMENT must be made by the employees of the telephone company.

WHEN ANSWERING CALLS time will be saved if you immediately give your number or name, as "9342," "4-5012" or "Jones' Department Store." This informs the person calling that the desired number has been established. Please answer the telephone promptly. Courtesy to the calling party requires it.

UNSATISFACTORY SERVICE. Uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. If service is unsatisfactory, prompt report should be made of it by calling "Chief Operator." Do not report unsatisfactory service by conversation at all times, as conversation by operators, beyond that necessary to complete connections, impairs the service. Report of unsatisfactory service should be telephoned, not written, as more satisfactory investigation is possible when an immediate report is made to the Chief Operator.

This directory is the property of the Western Bell Telephone Company. It is loaned free of cost to the subscribers and must be returned upon the delivery of a copy of the next edition.

Study the Advertising in This Directory

Glance over the advertisements and note character of the business men who are appealing to you for your business through this medium. Note the wide variety of services and products that are advertised.

If your memory is good, you will probably recall that you saw most of these advertisements in preceding issues of the directory.

And then put this question to yourself:

If so many keen business men keep using this directory to ask telephone users for their trade, they MUST be getting results from this advertising. And if THEY are getting results from telephone directory advertising, why can't I?

YOU CAN. And the rates are exceedingly reasonable—so reasonable, in fact, that telephone directory advertising for the quantity and quality of publicity service rendered and the result secured, is the most economical high quality advertising you can purchase.

How Many Extra Steps
Would An Extension Telephone Save You?

Hurrying up and down stairs wears out vitality, and wastes valuable time. The extra steps saved by an extension telephone more than justify its small added cost.

Call the manager for rates and details about extension telephones.

Minutes Not Miles

Separate you from your friends and customers everywhere

A few miles away, or across the continent, long distance brings you voice to voice with your friends or customers everywhere, in an instant.

Long distance calls are low in cost. Ask the long distance operator for the station to station rate to some point in which you are interested. To find evening rate, divide day rate by two—to find night rate, divide day rate by four.
