TO HOW MAKE A LOCAL CALL

OBTAIN THE CORRECT NUMBER FROM THE
TELEPHONE DIRECTORY. Remove the receiver from
the hook and place it to your ear. When the operator
answers "Number Please," give the number found
in the directory distinctly one figure at a time, as for
example:

"THREE - OH ONE - THREE - W" for 301-W. When the figure 0 appears in a number, it
should be pronounced as "OH." With the receiver
to your ear, listen for the ringing signal, the busy
signal, or a report from the operator.

TO RECALL THE OPERATOR at any time during
a connection, move the hook up and down slowly five
or six times, and repeat until the operator answers.
A rapid movement of the hook gives the operator no
signal whatever.

Do not hang up the receiver until you are through
with the conversation, as this gives the operator a signal
to disconnect you.

WHEN ANSWERING CALLS time will be saved
if you will immediately give your number or name, as
"234-W" or "Jones' Department Store." This
informs the person calling that the desired con-
extact is established. Please answer the telephone
promptly—Correctly to the calling party requires it.

OUT OF TOWN CALLS

The Southwestern Bell Telephone Company through
its relation with other telephone companies, is enabled
to establish communication promptly at reasonable cost
on almost any telephone in the United States, as well
as to telephones in many cities in Europe, Canada,
and in other countries.

HOW TO PLACE THE CALL

Decide first whether the lower priced "station-to-
station" service can be used or whether the higher
"person-to-person" service is necessary. To help you
decide, these are explained below.

STATION-TO-STATION CALLS

A station-to-station call is one on which you talk
to anyone who answers at the called telephone. The
rate on a station-to-station call is lower than the rate
for a call to a particular person.

To place a "station-to-station" call, ask the oper-
ator for "Long Distance" and when "Long Distance"

(Continued next page)
FEATURES OF STATION-TO-STATION CALLS

1. They are completed more quickly.
2. The rates are less than on person-to-person calls.
3. There are no report charges on "Station-to-Station" calls, except in the case of collect calls to points outside the state of Oklahoma which are not accepted.
4. Rates are reduced after 7 p.m. and further reduced after 8:30 p.m. if initial rate exceeds 25 cents.
5. Charges begin when the called telephone is answered.
6. Charges can be "reversed" without any charge. Additional charge is made when the initial rate is less than 25 cents.

PERSON-TO-PERSON CALLS

A person-to-person call is one on which you talk directly to the subscriber. The rate is higher than the rate on a station-to-station call.

To place a person-to-person call, ask the operator to "give you through to the subscriber," or give the subscriber your name, and "I want to talk to you." The operator will then connect you directly.

ATTACHMENTS TO TELEPHONES

ATTACHMENTS TO TELEPHONES—In order to render satisfactory telephone service it is important that the Company own and maintain all of the apparatus and equipment required for the proper operation of the telephone apparatus and equipment is constantly being developed, and the subscriber should familiarize himself with the services offered by the telephone company and the rates charged therefor.

COLLECT CALLS

COLLECT CALLS—If the call on the order of the party placing it is completed, the party will be billed for the call.

TEN DIRECTIONS

This directory is issued by the Southwestern Bell Telephone Company for its subscribers. It is for the subscriber's benefit that all old directories remain on file.

SERVICE DIFFICULTIES—Our aim is to render a service that will be satisfactory to our customers. Uniform courteous and prompt service is required of all employees of the telephone company.

ADDITIONAL LISTINGS—For each subscriber without charge subscriptions may be arranged for additional listings under such names as may be desired. Listings will be placed in the alphabetical section of the directory at rates quoted.
