 \$2 and over, 20 cents

Telephone Directory

J. R. White, Mgr., Sapulpa, Oklahoma

IMPORTANT INFORMATION

TELEPHONE SERVICE CALLS

- To Report a Telephone Out of Order: Call "Repair Service"
- To Make a Long Distance Call: Call "Long Distance"
- To Call a Rural Subscriber: Call "Rural Operator"
- For Local Telephone Numbers Which Do Not Appear in Directory: Call "Information"
- To Obtain Telephone Numbers in Other Cities: Call "Long Distance"
- To Obtain Assistance or to Report Unsatisfactory Service: Call "Chief Operator"
- To Obtain Information Relative to Application for Service, Bills, Moving Telephone, Etc.: Call 1200
- If your requirements are not fully met by calling as above, call Manager Collect at Sapulpa, Telephone 2360

EMERGENCY CALLS

- To Report a Fire: Call "Fire Department" Call 252
- To Call Police: Call "Fire Department" Call 252

EXCHANGE RATES

- RATES PER MONTH within the Initial Rate Area: BUSINESS—Individual Line \$3.00, Extension Telephone \$1.00, Additional Listing \$.25.
- RESIDENCE—Individual Line \$1.75, 2-Party Line \$1.50, Extension Telephone \$.75, Additional Listing \$.25

HOW TO MAKE A LOCAL CALL

OBTAIN THE CORRECT NUMBER FROM THE TELEPHONE DIRECTORY. Remove the receiver from the hook and place it to your ear. When the operator answers "Number Please," give the number found in the directory distinctly one figure at a time, as for example:

"THREE - OH - ONE - THREE - W"
 for 3013-W. When the figure 0 appears in a number, it should be pronounced as "OH." With the receiver to your ear, listen for the ringing signal, or a report from the operator.

TO RECALL THE OPERATOR at any time during a connection, move the hook up and down slowly, and repeat until the operator answers. A rapid movement of the hook gives the operator no signal whatever. Do not hang up the receiver until you are through with the connection, as this gives the operator a signal to disconnect you.

WHEN ANSWERING CALLS time will be saved if you will immediately give your number or name, as "342," "863-W" or "Jones' Department Store." This informs the person calling that the desired connection is established. Please answer the telephone promptly—Courtesy to the calling party requires it.

OUT OF TOWN CALLS

The Southwestern Bell Telephone Company through its relation with other telephone companies, is enabled to establish communication promptly at reasonable cost to almost any telephone in the United States, as well as to telephones in many cities in Europe, Canada, Mexico, Cuba, South America and Australia.

HOW TO PLACE A CALL

Decide first whether the lower priced "station-to-station" service can be used or whether the higher priced "person-to-person" service is necessary. To help you decide, these calls are explained below:

REDUCED NIGHT AND SUNDAY RATES

After 7 o'clock every night, and all day Sunday, long distance rates are reduced on both station-to-station and person-to-person calls, except on calls to nearby points.

The table of long distance rates on the inside front cover of this directory illustrates the saving possible by making your calls after 7 p.m., or on Sunday. The Long Distance operator will be glad to give you the rates to any point, without obligation.

STATION-TO-STATION CALLS

A station-to-station call is one on which you talk to anyone who answers at the called telephone. The rate on a station-to-station call is lower than the rate for a call to a particular person.

To place a "station-to-station" call, ask the operator for "Long Distance" and when "Long Distance" answers give the operator your call. If you know the number, say, for example, "I want Galveston, Texas, 4568." If you do not know the number, say for example, "I want Topoka, Kansas, John Doe's residence at 1422 Swiss Avenue," or "I want Kansas City, Missouri, the Cosmopolitan Hotel."

If you know the number of the telephone, give it to the long distance operator. It will speed your service materially. "Long Distance" will be glad to supply numbers in principal cities on request.

FEATURES OF STATION-TO-STATION CALLS

1. They are completed more quickly.
2. The rates are less than on person-to-person calls.

(Continued next page)

3. There are no report charges on "Station-to-Station" calls, except in the case of collect calls not completed because of the refusal of the called party to accept the charges.

4. Charges begin when the called telephone is answered.

5. Charges can be "reversed" without any change in rate when the rate is 25 cents or more. A slight additional charge is made when the initial rate is less than 25 cents.

PERSON-TO-PERSON CALLS

A person-to-person call is one on which you talk only to a particular person. The rate on a person-to-person call is higher than the rate on a station-to-station call.

To place a person-to-person call, ask the operator for "Long Distance," and when "Long Distance" answers give the operator your call. Example: "I want Sedalia, Missouri, 6789, Mr. Jones," or "I want Hannibal, Missouri, Mr. James Warren at 1604 Fremont Street.

If you know the number of the telephone, give it to the long distance operator. It will speed your service materially. "Long Distance" will be glad to supply numbers in principal cities on request.

The charges can be reversed.

A three-minute connection is allowed before "over-time" charges begin.

If the called telephone is reached but the call cannot be completed because the person desired is not available and cannot be reached elsewhere, a nominal report charge is made to compensate the Telephone Company for work done on the call.

COLLECT CALLS

If the charge on the call you are placing is to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

THE DIRECTORY

This telephone directory is issued by the Southwestern Bell Telephone Company and remains the property of the Company. It is for the subscriber's benefit that all old directories are collected by the carrier when new issues are delivered. Numbers are frequently changed and the use of obsolete copies results in calling wrong numbers. If you do not receive the new directory, or if additional copies are needed, call or write the Manager.

ADDITIONAL LISTINGS—For each subscriber a single line insertion in the alphabetical list is made without charge. Subscribers may arrange for additional listings under such regulations as apply to main listings to be placed in the alphabetical section of the directory at rates quoted.

ERRORS IN THIS DIRECTORY—While every effort is made to improve each issue of the directory and to eliminate all errors, yet the Company does not assume any liability because of errors and omissions that may occur in this directory. Occasionally, errors will be found. It will help if you will check your own listing in the directory, and if it is incorrect in any way, call the Manager, so that it will be corrected in the next issue.

GENERAL INFORMATION

EMERGENCY CALLS—Report to the Fire Department and Police when the patrons do not call by number, are not a part of the service for which the telephone company contracts, but are purely an accommodation and may be discontinued at any time. The telephone company assumes no liability for mistakes of its employees in rendering this accommodation service, and the patrons by requesting such service makes the operator his agent for such purpose.

ADVERTISING TELEPHONE NUMBERS—Business subscribers often find it convenient to their customers to place their telephone numbers on their stationery, cards, advertising, etc. The telephone company recommends doing this, but the growth of the community and the corresponding growth of telephone facilities sometimes requires the change of telephone numbers. It is therefore suggested that stationery, cards, etc., which show the telephone number, not be printed in quantities that would involve a loss due to changes that might be necessary as a result of the telephone number being changed with a subsequent directory.

Business subscribers who have more than one telephone number will receive the greatest benefits from their service if the telephone numbers are grouped or consecutive, and only the first telephone number of the group is advertised to the public.

ATTACHMENTS TO TELEPHONES—In order to render satisfactory telephone service it is important that this Company own and maintain all of the apparatus and equipment connected with its lines. Telephone apparatus and equipment is constantly being developed, and this Company is anxious to furnish to its subscribers such equipment as will improve telephone service. It is for this reason, that the Telephone Company does not sanction the use of any devices on its equipment, except those furnished by the Company.

MOVING TELEPHONES—As a large number of telephones are moved each year, ample notice will enable us to make a definite appointment and then arrange to move equipment so that service will be practically uninterrupted. Any change in the location of telephone instruments and equipment must be made by employees of the telephone company.

SERVICE DIFFICULTIES—Our aim is to render a service that will be satisfactory to our customers. Uniform courtesy and politeness is an imperative rule of this company and all employees are required to be courteous and patient at all times. We realize that difficulties will sometimes occur despite all our efforts to avoid them. On the preceding page of this directory are shown the telephone numbers which should be called to report service difficulties. Reporting them in this way will help to improve the service by eliminating conversation with operators beyond that necessary to complete a call.

How to get a FULL MEASURE of service from your party line

Party line telephones can give good service in generous measure. Cooperation and courtesy will help you, and your telephone partners, obtain this full measure of service. For instance:

1. When you are talking, and another user lifts his receiver to make a call, do you appreciate it if he replaces the receiver quietly, and waits several minutes before making another effort to call?

2. Do you appreciate it when other parties on your line are moderate in the length of their telephone calls so you may call out . . . or your friends call you . . . on a line that is seldom busy?

3. Do you like to feel that you can call out . . . or people can call you . . . without finding your party line "dead" because someone else on the line carelessly left his receiver off the hook?

These little points of thoughtfulness pay dividends in better service for everyone on a party line. Remember, however, that your requirements for telephone service may change from time to time. If you find you need more service than can be given on your party line, we shall be glad to arrange for individual line service . . . or for a change from four-party to two-party service.
