IMPORTANT INFORMATION

HOW TO MAKE A TELEPHONE CALL

OBTAIN THE CORRECT NUMBER FROM THE TELEPHONE DIRECTORY. Remove the receiver from the hook and place it to your ear. When the operator answers "Number Please," give the number found in the directory distinctly one figure at a time, as for example:

"THREE - OH - ONE - THREE - W"

for 3013-W. When the figure 0 appears in a number, it should be pronounced as "OH." With the receiver to your ear, listen for the ringing signal, the busy signal, or a report from the operator.

TO RECALL THE OPERATOR at any time during a connection, move the hook up and down slowly five or six times, and repeat until the operator answers. A rapid movement of the hook gives the operator no signal whatever.

Do not hang up the receiver until you are through with the connection, as this gives the operator a signal to disconnect you.

LONG DISTANCE SERVICE

The Southwestern Bell Telephone Company through its relation with other telephone companies, is enabled to establish communication promptly at reasonable cost to almost any telephone in the United States, as well as to telephones in many cities in Europe, Canada, Mexico and Cuba.

Long Distance rates and charges are based upon:

- (1) Mileage distance between telephones connected; and
- (2) The length of time the connection is held by the patron.

The different classifications of long distance service are as follows:

STATION-TO-STATION CALLS

A station-to-station call is one on which you talk to anyone who answers at the called telephone. The rate on a station-to-station call is lower than the rate for a call to a particular person.

To place a station-to-station call, dial 110 and when "Long Distance" answers give the operator your call.

If you know the number, say, for example, "I want Galveston, Texas, 4568." If you do not know the number, say, for example, "I want Topeka, Kansas, John Doe's residence at 1422 Swiss Avenue," or "I want Kansas City, Missouri, the Cosmopolitan Hotel."

If you know the number of the telephone, give it to the long distance operator. It will speed your service materially. "Information" will be glad to supply numbers in principal cities on request.

A three-minute connection is allowed before "overtime" charges begin.

To Report a Telephone Out of Order Call	"Repair Service"
To Make a Long Distance Call Call	"Long Distance"
To Call a Rural Subscriber Call	"Rural Operator"
For Telephone Numbers Which Do Not Appear in Directory	Call "Information"
To Obtain Assistance or to Report Unsatisfactory Service on Local Calls, Call.....	"Chief Operator"
To Obtain Assistance or to Report Unsatisfactory Service on Long Distance Calls, Call	"Long Distance Chief Operator"
To Obtain Information Relative to Contracts, Bills, Moving Telephone, Etc., Call.....	1200

EMERGENCY CALLS

To Report a Fire, Call.....	"Fire Department"
To Call Police, Call.....	252

EXCHANGE RATES PER MONTH within the Corporate Limits and a Mile Radius of the Office:

BUSINESS —Special Line \$3.00. Extension Telephone \$1.00. Name Service \$.25.	2-Party Line
RESIDENCE —Special Line \$1.75. Extension Telephone \$.25.	Name Service \$.75.

MOVING TELEPHONES—From one house to another when the equipment is in place \$.50. When not in place \$2.00. Changing location of telephone on same premises \$1.00.

STATION TO STATION DAY RATES

To the Following Points:

Oklahoma City	\$.60	Enid	\$.75
Tulsa	\$.75	Lawton	\$.75
Muskogee	\$.45	Ardmore	\$.75

FEATURES OF STATION-TO-STATION CALLS

1. They are completed more quickly.
2. The rates are less than on person-to-person calls.
3. There are no report charges on "station-to-station" calls, except in the case of collect calls not completed because of the refusal of the called party to accept the charges.
4. Rates are reduced after 7 p. m. and further reduced after 8:30 p. m. if initial period rate exceeds 35 cents. The time of day at the originating point when conversation starts determines whether the day, evening, or night rate applies.
5. Charges begin when the called telephone is answered.
6. Charges can be "reversed."

PERSON-TO-PERSON CALLS

A person-to-person call is one on which you talk only to a particular person. The rate on a person-to-person call is higher than the rate on a station-to-station call.

To place a person-to-person call, dial 110, and when "Long Distance" answers give the operator your call. Example: "I want Sedalia, Missouri, 6789, Mr. Jones, or 'I want Hannibal, Missouri, Mr. James Warren at 1604 Fremont Street."

If you know the number of the telephone, give it to the long distance operator. It will speed your call. "Information" will be glad to supply numbers in principal cities on request.

The charges can be reversed.

A three-minute connection is allowed before "overtime" charges begin.

If the called telephone is reached but the call cannot be completed because the person desired is not available and cannot be reached elsewhere, a nominal report charge is made to compensate the Telephone Company for the work done on the call.

COLLECT CALLS

If the charges on the call you are placing are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted by the subscriber at the distant telephone, will be billed to that telephone.

REPORT CHARGE

(Applies to Inter-State Calls Only)

It is sometimes impossible to establish conversation on person-to-person, appointment and messenger calls, due to reasons beyond the control of the telephone company and although the preliminary work of handling the call is properly performed. In such cases a small charge is made for the work already done. Conditions under which a report charge is made include:

- (1) Refusal of the called person to talk or allow the charges to be reversed;
- (2) Inability to reach the called or calling person after the called point has been reached, or an appointment arranged for; or
- (3) Inability on the part of the telephone company to locate the called person when sufficient information has been supplied by the person placing the call.

If, at the request of the calling party, attempts are made to reach the called party at more than one city or town, the attempt made at each city called will be considered a separate call, and the report charge applied accordingly. The charge is not made unless a

definite report is made within one hour after the call is placed, provided that no delay is announced at the time the call is accepted. No charge is made when the reason for not completing the call is because "lines are busy," "out of order" or because the "called telephone does not answer."

Report charges do not apply to station-to-station calls.

REQUEST FOR CHARGES

If a patron desires notification of the amount of the charge on a message, the long distance operator should be so advised at the time the call is placed. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rates and computes the charge.

MISCELLANEOUS INFORMATION

EMERGENCY CALLS. Report to the Fire Department and Police when the patrons do not call by number, are not a part of the service for which the telephone company contracts, but are purely an accommodation and may be discontinued at any time. The telephone company assumes no liability for mistakes of its employees in rendering this accommodation service, and the patron by requesting such service makes the operator his agent for such purpose.

ERRORS IN DIRECTORY. Great care is exercised in the preparation of this directory, but the Southwestern Bell Telephone Company assumes no liability whatever for damages arising from errors and omissions in the printing of this directory.

CHANGE OF TELEPHONE NUMBERS. The telephone company reserves the right to change telephone numbers from time to time as the necessities of the business may require, and, therefore, subscribers are urged not to use their telephone numbers in advertising matter. The phrase "Bell Telephone Connection" is suggested instead.

MOVING TELEPHONES. As a large amount of telephone equipment has to be moved yearly it is necessary that subscribers give at least ten days' notice in writing when they are moving to new quarters. Ample notice will enable us to move telephone equipment so that telephone service will be practically uninterrupted. Owing to the large number of move orders on or about May 1st and October 1st, thirty days' notice should be given of moves desired at those times, if possible.

ANY CHANGE IN THE LOCATION OF TELEPHONE INSTRUMENTS and equipment must be made by the employees of the telephone company.

WHEN ANSWERING CALLS time will be saved if you will immediately give your number or name, as "6342," "4-9013W" or "Jones' Department Store." This informs the person calling that the desired connection is established. Please answer the telephone promptly—Courtesy to the calling party requires it.

UNSATISFACTORY SERVICE. Uniform Courtesy; any politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. If service is unsatisfactory, prompt report should be made of it by calling "Chief Operator." Do not report unsatisfactory service to the operators, as conversation by operators, beyond that necessary to complete connections, impairs the service. Report of unsatisfactory service should be telephoned, not written, as more satisfactory investigation is possible when an immediate report is made to the Chief Operator.

This directory is the property of the Southwestern Bell Telephone Company. It is loaned free of cost to the subscriber and must be returned upon the delivery of a copy of the new edition.

Bristow, Oklahoma Classified Telephone Directory

JUNE, 1931

"WHERE TO BUY IT"

"It's Easy to Find Where to Buy It"

To Find the Telephone Number of a Business Concern you have in mind:

FIRST—Locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

NEXT—Locate the desired concern and telephone number by examining the listings under the heading.

To Find Where to Buy the Article (or Service) you wish:

FIRST—Locate the heading indexed by the name of the article or service you wish.

NEXT—Select the dealer with whom you wish to do business. Under this heading may also be found headings descriptive of particular kinds of that article (or Service) and dealers in a position to serve you. The advertisements provide you with more complete buying information.

TRADE MARK or brand names will be found in their proper alphabetical order. Trade mark headings and descriptive matter will be found under the heading descriptive of the product.

The most delicate silks and fabrics
cleaned and made like new. No shrink-
age. Ladies' and Gents' coats altered
and relined.

HATS CLEANED RIGHT

NO-D-LAY CLEANERS

MRS. Z. A. KELLEY, Owner - Manager
111 WEST 6TH

MARY ANN had almost reached the end of the chapter when the telephone rang.

She finished in a hurry! But naturally, the person calling had "hung up" when she answered.

It's a good idea always to answer the telephone promptly.

MCBAIN rushed all the way from the garage to answer the telephone—

Only to find that the person calling had "hung up"!

It's a good idea to wait a minute or so before abandoning a call.

Merchants and business firms appreciate being told how you found them. Tell them you used the Classified Business Directory.

HERE is a man answering his telephone at midnight — modern style.

He stirs drowsily, stretches an arm from beneath the covers, and says "Hello." Pretty soft!

An additional telephone . . . at your bedside . . . costs less than 3 cents a day. Call the telephone company business office.

General Electric Products

When buying electrical equipment look for the General Electric Monogram—G-E in a circle—it is a symbol of research and a mark of dependability.
